

# ANGFA - Australia New Guinea Fishes Association

ANGFA publishes *Fishes of Sahul*, a high-quality journal, produced and published by both professional and keen amateur fish enthusiasts and hobbyists working with and enjoying the native fishes of Australia and New Guinea - four issues per year. Each issue contains 24 pages of informative and interesting original articles backed up by spectacular, full colour, glossy plates.

**Membership is \$40 including *Fishes of Sahul*. Secure online credit card payment is available. Please visit [www.angfa.org.au](http://www.angfa.org.au) where you can download a membership form for more information.**

As well as our journal, ANGFA also caters for those who want to get their hands wet. We have members in all parts of Australia that hold regular meetings, exchange information and conduct local field trips. ANGFA has meetings in most states. Join your nearest group and become part of the many volunteers on worthwhile fishery projects. A separate membership fee applies in most states. For your nearest contact:
